A friend in Pendleton sends us the following over the signature of "Lemmasina": "I had the pleasure of being an eye witness of the 'Leap Year Hop' last Wednesday night, given by the Juvenile Mystic Sisterhood of Pendleton, which proved to be a perfect success in all respects, although the weather was unfavorable. Those who attended enjoyed it exceedingly and piled those who could not attend on account of the weather, although carriages were in waiting. The young men regret this is the last leap year hop they will witness the pleasure of attending, given by the young ladies of Pendleton. The uniform was juvenile and becoming. The evening closed with regrets from all."

Mr. T. J. Webb, our accommodating County Auditor, has furnished us the following statement of the value of all personal property in this County for the fiscal year 1880: Number horses 2,400, value \$104,175; cattle 11,029, value \$74,742; mules and asses 2,632, value \$113,971; sheep and goats 5,718, value \$5,438; hogs 9,790, value \$17,311; gold and silver watches 78, value \$18,838; pianos, melodeons and organs 214, value \$15,320; carriages, wagons, carts and buggies 3,328, value \$81,368; dogs 3,188, value \$3,000; value of merchandise \$169,193; value materials used in manufacturing \$70,423; value of money, etc. \$13,412; value of all credits, \$24,118; value of investments in stocks, bonds, etc., not exempt from taxation \$34,686; value all other property, including household furniture, \$252,621—Total \$1,212,319. In addition to this the property of the companies named are returned at the following figures: National Bank \$50,000; Insurance companies \$5,052; Southern Express Company \$3,025; Columbia & Greenville Railroad \$308,800; Blue Ridge Railroad \$116,650. These amounts, added to the total given above, makes an aggregate of \$1,663,342.

The illicit traffickers in whiskey are known in some sections of this County as "Night Shots," from the fact that they inform their friends of their coming by firing a gun. They are said to have regular places at which they stop for a night or two and supply their customers. When they get ready to move to another point, which is always done at night, they fire a gun. This report is heard by a friend in a mile or two away, who reports the signal. This means their friends and customers for miles along their route are advertised of their coming. If these representations are correct, the whiskey peddlers have certainly systematized their business most effectually. We have never been able to understand why these violators of the law are not reported to the proper officers by the law-abiding citizens who know of their whereabouts, and have them punished. Surely there is nothing more demoralizing, or that is calculated to do greater injury to the morals of a community than the retailing of ardent spirits to its citizens under such circumstances. Just at this season of the year, when there is plenty of whiskey in the country and the people generally have more leisure than usual, these fellows are bolder and more active than in other seasons, and are easily detected if the proper officers were made.

A petition was presented to the Town Council on Tuesday evening asking for the continuation of the street leading from the Baptist Church, on which the jail is situated, through the lots of Mr. John E. Peoples and Gen. W. W. Humphreys, crossing Whitner's creek about two hundred and fifty yards below where Whitner street crosses the creek, and a direct course through the plantation of Maj. E. P. Whitner to a point on Generosee creek at or near the old brick yard of Mr. Crayton, something like half a mile below the present crossing at Byrum's bridge, and thence to a point on the public road leading to Andersonville between the residence of Mr. J. L. Byrum and Keys' Spring. The right of way from all the persons through whose lands the new highway will pass has been obtained, and only remains to be the Council and County Commissioners to have the route surveyed and the road located and opened. It is estimated by those who are familiar with the proposed route that it will not only shorten the distance between the point where it intersects the Andersonville road and town, but that it will give a much better road than the present one, as the steep hills at Generosee and Whitner's creeks will be avoided. The Council appointed a committee to examine into the matter and to report as to the advisability of the proposition at as early a day as practicable.

"The Pickens-Anderson Compact." We find the following article in the last issue of the Pickens Sentinel, under the caption quoted above, a few words concerning which we presume will not be objectionable to our esteemed contemporary, inasmuch as both it and the Commissioners of that County seem to be at a loss to understand why the Commissioners of this County have not paid what is claimed to be their "part of this agreement." The question is now, "What has become of the Anderson part of this agreement?" The Air Line Company has complied with its part of the contract. The Pickens portion of the fence-money has been paid into the treasury, but nothing has been heard from the County Commissioners of Anderson. Our County Clerk has sent them a full statement of the affair, which they have treated with silent contempt. If they wish more legislation on the subject we would like to hear from them once more.

The statement was received by the Commissioners of this County, but as it was considered not only exorbitant but unequally apportioned, it was rejected. The statement shows that the whole amount of fence built is 34 miles, at a cost of \$428,293, on 27 miles of which the Air Line Railroad paid \$60 per mile, making \$1,350, from which the County Treasurer's commission was deducted. Anderson's proportion is one-half of the remainder or 6 miles in addition, aggregating \$1,831.58. The proportion for Pickens is the same as that for Anderson with the cost of one mile additional, aggregating \$1,508.81.

The Act authorizing this building of the fence reads: "The County of Anderson shall only be required to pay the proportion provided for that County for the number of miles for which the said County would be required to pay if the Air Line Railroad ran the line of such fence," from which it is plain to see that the County Commissioners could expect Anderson to pay any portion of the expense of building this fence when she had nothing whatever to do with contracting for the work. Our Commissioners were not consulted about the matter, although the Pickens Commissioners considered that we had as much interest in the matter as they had, and the prices at which the building was done was exorbitant, and does not reflect much credit upon the business capacity of the parties who attended to letting out the contracts. The whole conduct of the Pickens Commissioners is, to say the least of it, as about as cool a piece of business as we ever heard of.

A dispatch to the News and Courier from Union, dated 6th instant, says: "Our people were startled to-day at the announcement that a terrible accident occurred last Saturday near Mayblinton in Newberry County between the Messrs. Thomas (father and two sons), of this County, and Mr. John Lyles, of Newberry County, in which Mr. James Thomas (the father) received a fatal wound in the left breast and the son received scalp wounds by pistol shots from the hands of Mr. Lyles, and Mr. Lyles lost his life by a blow on the head from a cudgel in the hands of James Thomas, Sr., and the difficult grew out of a family feud. Mr. James Thomas died last night at 11 o'clock."—Wm. Donald, colored, shot and killed Wm. Agnew, colored, near Donnalville Saturday night. Donald was working with the pistol, according to his own statement, when it went off, but he was committed to jail on Monday.—Dispatch to News and Courier.

Lee Bryant was accidentally killed in Darlington County last week by the discharge of his gun while bird-hunting.

Dr. W. S. Barton, of Darlington County had his hand severely mangled in his rice thresher a few days ago. Some of the fingers were cut off and others badly injured.

The Abbeville County poorhouse last year cost the county more than the jail and about three times as much as all the trial justices put together.

IT IS FOUND AT LAST! SOMETHING NEW UNDER THE SKIN.—A new era is dawning upon woman. Hitherto she has been called upon to suffer the pangs of mauling and laceration besides. The frequent and distressing irregularities peculiar to her sex have long been to her the direful spring of woes unnumbered. In the mansion of the rich and hovel of the poor alike woman has been the constant yet patient victim of a thousand ill-known to man—and without a remedy. "Oh Lord, how long!" in the agony of her soul, hath she cried. But now the hour of her redemption is come. She will suffer no more, for Bradford's Female Regulator, "Woman's Best Friend," is prepared only by Dr. J. Bradford, Atlanta, Ga., and sold at \$1.50 per bottle by Wilhite & Wilhite, and Simpson, Reid & Co., Anderson, S. C.
